Description :

PDF-b14cd | Before the introduction of antiseptics and inoculation, people commonly died due to unsanitary conditions in the home, or following surgery or childbirth. Between them, the great scientists Louis Pasteur (1822-1893) and Joseph Lister (1827-1912) extended widely the practice of inoculation and revolutionized medical practice. Pasteur's discovery that living organisms are the cause of fermentation fo... *Germ Theory and Its Applications to Medicine and on the Antiseptic Principle of the Practice of Surgery (Great Minds)*
