Description :

PDF-feb9f | The Hippocratic Corpus comprises some sixty medical works of varying length, style and content. Collectively, this is the largest surviving body of early Greek prose. As such, it is an invaluable resource for scholars and students not only of ancient medicine but also of Greek life in general. Hippocrates lived in the age of Socrates and most of the treatises seem to originate in the classical per... *The 'Hippocratic' Corpus: Content and Context*
